

Assignment No:11

Name: kumbhar Gaurav chandrakant

Roll no:2237049

Input:

```
1 object first
2 {
3     def main(args: Array[String])
4     {
5         var number:Int = 85
6         if(number>=0 && number<50){
7             println ("fail")
8         }
9         else if(number>=50 && number<60){
10            println("D Grade")
11        }
12        else if(number>=60 && number<70){
13            println("C Grade")
14        }
15        else if(number>=70 && number<80){
16            println("B Grade")
17        }
18        else if(number>=80 && number<90){
19            println("A Grade")
20        }
21        else if(number>=90 && number<=100){
22            println("A+ Grade")
23        }
24        else println ("Invalid")
25    }
26 }
27
```

Output:

Output:

A Grade
